

Pennsylvania

While candidates not yet certified or seeking certification have no limit on the number of training hours they can take online, Pennsylvania has limited the number of CEUs for already certified interpreters seeking to renew their certification to a maximum of six hours but made each online hour equivalent to .25 CEUs. This means that in order to complete 6 hours of online training the must take the equivalent of 24 hours of online CEUs. Overall interpreters must take 16 hours of CEUs every 2 years in order to renew their certification.

- 1 hour of study (with instructor) = 0.25 credits
- Interpreters cannot take more than 6 credits (24 hours) of online training in the 2-year renewal period.
